

Workshop 1 (2nd December | 15:00 CET):

Reform University Ideals and Data Collection

Our task is to rethink and strengthen European reform universities. As part of this, *WP2 Reimagining Higher Education and Research* is collecting and comparing information about the universities in ERUA and beyond. This workshop is dedicated to the efforts of the WP2 student group, which has the main responsibility for data collection. We want to listen to the participants' articulations of reform university ideas, and how we – the WP2 student group – can help support the realization of these ideas.

Programme:

- 15:00** **Welcome and introduction**
Establishing the context
Speaker: Anders Engelund Kampman / WP2 Student group representative, RUC
Presenter: Kathrin Ebel / WP2 Student group representative, University of Konstanz
