We are ERUA

## Re:ERUA, where are we now?

Now that we are halfway through the first cycle of research funding in the Alliance, it is an excellent time to look at Re:ERUA's activities and the challenges ahead.

## What are we doing?

## Open Science Meet-Ups: Our Experiences with Organising and Running the Format

Since January 2022, staff in the Re:ERUA project of the Open Science team have been running the international Open Science Meet-Ups. This format, held in English on Zoom, provides a space for relaxed exchange on Open Science-related topics. Members of all ERUA universities – and beyond – are very welcome to attend.

## Re-Imagining Learning Pathways

Would you like to be a knowledge worker, and under what circumstances? How do current economic and technological developments change how we see knowledge work?

## Language Festival in Paris 8

The Faculty of Modern Languages and Cultures of the University Paris 8 organized its first Language Festival on 13-15 March 2023. This showcased cultural exchanges in different languages through workshops, artistic performances and debates allowing participants to explore the diversity of uses of languages and cultures.

## **ERUA Travelling Seminar: From Konstanz to Rhodes**

"Literature and Human Rights" – that was the topic of the ERUA Travelling Seminar that Sarah Seidel (University of Konstanz) and Kerstin Bönsch (Wieland Foundation) jointly organized this winter semester (2022/2023). After months of preparation, they recently travelled with more than 20 students to Greece for one week, where they worked in a transnational network with researchers from the University of the Aegean.

## **Opportunities**

**ERUA Summit 2023 – Call for abstracts. Why Universities?  
Reimagining higher education and research  
Roskilde University, Denmark | 11-12 October 2023**

The European Reform University Alliance (ERUA) invites you to submit your abstract. The conference investigates the role of alternative and experimental forms of higher education and research in a time of challenges: expanded student populations, technological disruption, the emergence of a global market of higher education, and the growth of social inequality and anti-scientific sentiment. We ask: How do – and how should – these challenges reconfigure the role of the university in the world? Why do we need universities today?

## Administrative staff: Call for participating in research support staff visit at UP8 on 31 May, 1 and 2 June

In the ERUA research support network framework created under Re:ERUA, UP8 is organizing a staff visit to the University of Paris 8 on 31 May, 1 and 2 June.

This research support staff visit will be the occasion to bring together the different research support services of the ERUA Alliance and future partners to exchange best practices in research support and draw up a roadmap of common actions that support services can carry out within this Network.

## Open Science Meet-Ups

Since our last newsletter, several exciting Open Science meet-ups have taken place, covering aspects like Teaching Open Science, Open Access Consortia, Open Science and the Reform Universities' Paradigm and Digital Aspects for Citation Analysis. If you would like to read up on any of these topics, please feel free to do so anytime on the [ERUA Open Science Meet-Up website](#). Stay tuned! More meet-ups will be announced on the website soon - if you want to stay up to date, we recommend that you subscribe to our [Open Science Meet-Up Mailing List](#).

Courses for the upcoming summer semester that are suitable for a short-term mobility are currently still open for enrolment: <https://erua-eui.eu/students/intensive-courses/>.
